

# PLAYGROUND STRUCTURES June 2026

**Dylan Gage**

Wed, May 20, 9:16 AM    

to John, me, Workorder ▾

Morning John,

I'd uploaded the estimate for the playground in the homeowner portal. I'm not sure which Board members have access/utilize the BVA's account. Below is the estimate - let us know if BVA would like to move forward. Also, I'll have estimates for the shed project soon.

Proposal to upgrade playground structures at Bromley Village Clubhouse:

Pirate ship: wash ship inside/out with mildew deck cleaner, replace rotted pressure treated boards, refasten any loose boards or items, sand/stain structure inside/out (2 coats), replace ramp and slide, add plastic border around perimeter of structure (6' from all play structures), landscape fabric, and 9" of certified playground chips

Large Playground: wash ship inside/out with mildew deck cleaner, sand/stain structure inside/out (2 coats) add plastic border around perimeter of structure (6' from all play structures), landscape fabric, and 9" of certified playground chips

Total labor: \$7,280.00

Total materials: \$8,864.48

---

Total: \$16,144.48
